Draft Terms of Reference (ToR)
For Agriculture Marketing Expert (AMEs) to be positioned in the
Directorate of Agriculture

(A) BACKGROUND AND OBJECTIVES

1. The Government of Assam (GoA) through Government of India (GoI) has received a loan from the World Bank (IBRD: International Bank for Re-construction and Development) for the Assam Agribusiness and Rural Transformation Project (APART). The Project Development Objective (PDO) of APART is to “add value and improve resilience of selected agri value chains focusing on smallholder farmers and agro-entrepreneurs in targeted districts of Assam”. The Assam Rural Infrastructure and Agricultural Services (ARIAS) Society, an autonomous body of the Govt. of Assam, is the apex coordinating and monitoring agency for the Project while the Directorate of Agriculture is an important Operational Project Implementation Unit (OPIU) of the project under the Department of Agriculture, GoA. The ARIAS Society now wishes to hire **one Agriculture Marketing Expert (AME)** out of the loan proceeds to be positioned in the Directorate of Agriculture at Guwahati under APART as per the terms given hereunder.
2. The APART will achieve the PDO by: (i) promoting investments in agri-enterprises, reducing the business and transaction costs, facilitating access to finance for agribusiness entrepreneurs, and, where appropriate, push for process, regulatory and/or policy change; (ii) supporting the development of a modern agri supply chain; improved information communication technologies (ICT) based farm information and intelligence services, and alternative marketing channels; and (iii) improving producers’ access to knowledge, technologies and infrastructure so that they are able to respond to market opportunities and climate variability. To achieve the PDO, the project will adopt clusters (production and enterprise) and value chain approach. The project is being implemented in 16 districts¹ (undivided as of 1st April, 2016) of Assam.
3. There are four components of APART: **The first component is Enabling Agri Enterprise Development**, with sub components being (i) enhancing state capacity to attract private investments, (ii) Setting up an Agribusiness Enterprise Development and Promotion Facility (EDPF) (iii) Agribusiness Investment Fund (AIF) support (iv) establishing stewardship councils. **The second component is Facilitating Agro Cluster Development** with sub components being- (i) support establishment of cluster level Industry Associations (IAs), (ii) supply chain support. **The third component is Fostering Market Led Production and Resilience Enhancement** with sub components being (i) promoting climate resilient technologies and their adoption (ii) facilitating market linkages through market intelligence and product aggregation (iii) facilitating access to and responsible use of financial services. **The fourth component is project Management, Monitoring & Learning.**
4. Component-C of APART aims at enabling producers of the priority value chains, in the targeted clusters, to take advantage of the rapidly changing market demand, and enhance resilience of agriculture production systems for increasing production and managing risks associated with climate change. This would be achieved by: (i) improvements in production technologies and management practices through climate resilient solutions; (ii) facilitation of collective-action by producers by supporting the establishment of farmer producer organizations (FPOs); (iii) improving value realization at the farm level through improved cleaning, grading and packing of produce through Common Service Centers (CSCs) managed by FPOs; (iv) facilitation of market linkages through market information and intelligence; and (v) facilitating access to a broad set of financial services and their responsible use by producers. The component will adopt a cluster based value- chain approach for providing support to producers for sustainably increasing their production and productivity; linking the producers with emerging supply chains, modernized wholesale agriculture markets and warehouses, under component B; and facilitating partnership opportunities with strategic and potential anchor and leading firms, supported under Component A.

(B) OBJECTIVES OF THE ASSIGNMENT & SCOPE

5. The **AME** will report to the **Director, Agriculture** and will support the Directorate in meeting the objectives of the Project as per Project Implementation Plan (PIP), Annual Work Plans (AWPs). In particular the responsibilities of the **AMEs** include the following:
- a) Liaise and coordinate with the District Agriculture Marketing Coordinators (DAMCs) and District Horticulture Coordinators (DHCs) as the case may be for smooth implementation of the project activities at District level.
 - b) **AMEs** will foster sustainable linkages of project FPOs with processors, large buyers, traders for bulk buying from Common Service Centres established under APART.
 - c) **AMEs** will be instrumental in setting up of a Directorate of Agriculture Marketing (DAM) in the State. This may include studying the working of DAM in other states and making a blue print for DAM in Assam taking the feasible best practices from other states, necessary documentation, approvals, drafting notifications etc and formulating the byelaws of the DAM.
 - d) **Liaising and Coordination with international agencies/ CG Centres:** The project engaged the services of International agencies/ Consultative Group on International Agricultural Research (CGIAR) centres for technical assistance in various value chains e.g. International Rice Research Institute (IRRI), International Potato Centre (CIP) and World Vegetable Centre (WVC). The **AMEs** shall liaise and coordinate with these agencies for smooth conduct of project activities, particularly from an agriculture marketing view point. In addition, Assam Agricultural University is also an implementing partner in the project and carries out the project activities through a network of Krishi Vigyan Kendra (KVKs), Regional Agricultural Research Stations (RARSs) etc. The **AME** will closely coordinate with AAU & its stations on project activities.
 - e) Provide strategic guidance to the project in the area of agriculture marketing, market information and intelligence dissemination (through Market Intelligence Cell being set up in the project at Assam State Agricultural Marketing Board) and also in the Market Modernization and Improvement Program (MMIP) particularly for the agri horticulture markets.
 - f) **AME** shall contribute to preparation/ refinement of Value Chain Development Plans (VCDPs) & carrying out Value Chain Studies for agriculture/ horticulture commodities as the case maybe.
 - g) **AME** will support the project & GoA in its agricultural marketing policy reform agenda. The **AMEs** may be involved in formulating the rules to the proposed Assam Agricultural Produce and Livestock Marketing (Promotion and Facilitation) Act. In addition, **AME** will channelize necessary feedback from markets and stakeholders to the GoA for necessary policy changes. **AME** may further be required to formulate the agricultural marketing policy for the State of Assam.
 - h) The **AME** shall also explore opportunities of contract farming/ direct marketing by project farmers to corporates/ food processors to ensure better price realization by the farmers for their agri/ horti produce as the case maybe.
 - i) **AME** shall be instrumental in setting up a full-fledged Department of Horticulture and Food Processing under the GoA. Currently, the State has a Directorate of Horticulture & Food Processing under Department of Agriculture, which was set up in 2015. However, as the activities under the Directorate have increased manifolds, the Govt. plans to set up a full-fledged Department of Horticulture.
 - j) **AME** will devise suitable strategies and operational modalities for the development of alternate marketing channels in the project locations, including electronic marketplaces, e-NAM etc.
 - k) **AME** (Agri) will be instrumental in setting up a quality collateral management system through the modernized warehouses of the Assam State Warehousing Corporation (ASWC) and institute a viable mechanism for issuing electronic Negotiable Warehouse Receipts (eNWRs) by these warehouses through linkages with commercial banks.
 - l) **AME** will also work closely with the Assam State Agricultural Marketing Board (ASAMB) and its Regulated Market Committees (RMCs) in APART Districts, to ensure an efficient, sustainable and viable agricultural marketing system for APART commodities.
 - m) To liaise with various ministries, departments of Government of India and GoA for leveraging and convergence with various Govt. schemes in agricultural marketing with that of APART and also ensure that there is no duplicity with other schemes/programs.
 - n) **Training and Capacity Building:** **AME** shall provide need based training in agricultural marketing to the project staff, service provider staff at both state and district level. They will also be instrumental in preparation of training materials/ modules etc and updating the same as per requirement.
 - o) To work in close coordination and guidance/advisory of the Project Coordination Unit (PCU) of ARIAS Society and be in touch with ARIAS Society experts on project matters concerning agrimarketing.
